## Prayer Requests

On April 16, leaders who work in Muslim contexts will gather from all over the world to share what God is doing and to share methodologies and strategies that they are using to reach Muslims in their areas of the world.

*Thanks to you, my faithful supporters for your prayers, financial support and your partnership. You are much appreciated.*

## Healing in the Dental Chair

Dentist Ryan Shearer, traveling with CompassionLink, noted the woman coming for dental care appeared to be in pain – not in her mouth but in her abdomen. He felt impressed to pray for healing and the pain was immediately gone!

## Ministry in Colombia Prison

Our CompassionLink team was invited to do HIV testing and counseling in a 5000 inmate prison. Many myths and misunderstanding about HIV existed and CL was able to teach the basics of HIV/AIDS which seemed highly appreciated. They were given permission to speak about Christ and about 400 prayed to receive Jesus.
